HARSHIT NAYAL

Front-End Developer

✉ harshit.nayal999@gmail.com   📞 +91 9617542745

PROJECTS

Chat Bot

- Utilized CSS and HTML to create easy to use user interface
- Helped creating xampp based local server using phpmyadmin

Face and Iris Recognition using CNN models: An analytical study

- Worked on creating a platform to test three different CNN pretrained models on one dataset with proper guidance from our mentors
- Wrote research paper based on results we got from the experiment.

CAREER OBJECTIVE

Front-End Developer with an ability to collaborate effectively with senior developers while spending extra time to be mentored. Enjoy working closely with team members to ensure workloads are effectively redirected to bottlenecks. With a passion for both personal growth and for software development. Ready to apply my passion for coding to a talented engineering team to develop quality solutions and gain experience all at the same time.
